

K.S.R.M COLLEGE OF ENGINEERING (Autonomous), KADAPA

INDUCTION PROGRAM

2023-2024

Coordinators

Dr. I. Sreevani, Prof, HOD, H&S

Smt. M. Mary Jasmine, Asst. Prof, Dept. of H&S

A REPORT ON INDUCTION PROGRAMME

Change is inevitable. Transition period is always tedious. So is the transition for students from their pre-university academics to professional curriculum. students deserve time to unwind themselves to forge new relations with fellow students and familiarize themselves with the new environment. Induction program helps in making students of first year feel comfortable, creating opportunities to showcase their talents and interests and shape their character. An induction programme is a harbinger of various in-campus & off-campus activities specially designed for entrants to fill the gap. Induction Program is a beautiful combination of literary activities, cultural activities, personality development activities, Universal Human Values sessions, sports and many more.

The Induction program served as a strong foundation for the first year students for beginning their four years long journey. Learners come with diverse thoughts, backgrounds & perceptions. Hence it becomes important to help them adjust to the new environment & inculcate the ethos of the institution with a sense of larger purpose. The Induction program then made way for a plethora of extracurricular activities that looked to infuse the young minds with creativity and enhance their professionalism. The sessions dealt with personality development, self-development, time management, mind control and focus attributes that are essential in every profession.

SCHEDULE

S. No	Name of the Program	Date
1.	Familiarizing students to their respective Departments	05-09-2023
2.	Library Visit	07-09-2023, 08-09-2023
3.	Basics in Computers	05-09-2023 to 16-09-2023
4.	Awareness program on IUCEE	07-08-2023(FN)
5.	Visit to College Premises	08-09-2023(FN)
6.	Awareness Program on Soft Skills	08-09-2023(AN)
7.	Seminar on Role of Watershed Management	12-09-2023 (FN)
8.	Movies	12-09-2023 (AN)
9.	Yoga-Nurturing Wellness	13-09-2023(FN)
10.	Cambridge Communication Training	13-09-2023(AN)
11.	Sports	14-09-2023 & 15-09-2023
12.	Art Competition	14-09-2023 & 15-09-2023
13.	Seniors Interaction & Cultural	16-09-2023
14.	Awareness on Academic Rules & Regulations, Course Structure	18-09-2023, 19-09-2023
15.	Awareness Program on Eradication of Ragging	22-09-2023
16.	How to Shape your Career Early	11-10-2023

Familiarizing students to their respective Departments

An Induction Program was conducted with the intention to familiarize the students with their respective departments. The main purpose was to introduce the students to the faculty, department labs and other programs available in campus. Civil, Mechanical, EEE, ECE, CSE & AI & ML students visited their respective departments and explored the labs available in their departments. Faculty introduced the infrastructure available in the department along with students' achievements, various details of Students Chapters available in their respective departments. Students were taken to labs where they explored different new equipments and machines and found it very interesting. Next they were briefed about importance of internships, projects, Industrial visits and project expo. Finally, session ended with questions from students.

“Scientists study the world as it is, engineers create the world that never has been”

Students visiting Department laboratories

Visit to Library

“Reading is a conversation. All books talk, But a good Book listens as well”.

Students were taken for library visit. Central library is equipped with an excellent collection of books, journals & bound volumes with a seating capacity of 300 users at a time. The students were amazed to visualize the maintenance of books in catalogued racks which are segregated department wise in lending & reference sections. Students were explained the chronological arrangement of books in library and introduced to OPAC (Online Public Access Catalog), where the students can search by Author’s name, title, subject & keywords on the campus LAN. A three storied Central Library of the college, the depository of Knowledge serves of the students, staff and faculty. At Present the library has about 65,384 volumes and is constantly being strengthened by adding new literature in the form of encyclopedia, periodicals, Text books, Reference Books, Journals of national and International repute and CD-ROM.

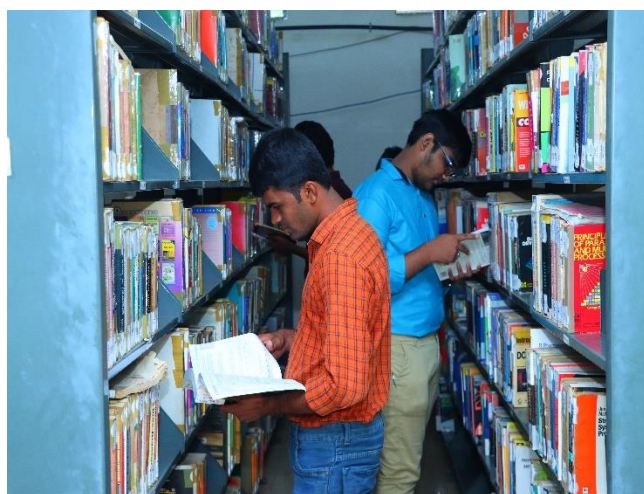

LIBRARY SERVICES:

- Digital Library
- Reprographic Services
- Internet Services
- OPAC Services
- News Paper Clipping Services

Basics in Computers

Computer education today encompasses much more than just learning about computers. Understanding their functioning, how they work, and the software programs they support is important. The purpose of computer education is to assist students in acquiring the abilities necessary for efficient and effective computer use. Computer education is essential because it gives students the skills they need to think critically and solve problems as well as preparing them for a digital future. As a part of Induction program basics in computers classes has been organised to upgrade their skill in computer education.

Students practicing basics in Computers

“If you want to create and be a visionary, you’re probably going to be working with technology in some way”

Awareness Program on IUCEE

As a part of Induction Program, Awareness program on IUCEE is organised for Ist B. Tech Students. Sri. P. Rajendra Kumar, Asst. Prof, Dept. of Civil Engineering, Member in IUCEE acted as the resource person. The main aim of the program is to create awareness among students about what is IUCEE and the importance of IUCEE in enhancing engineering education. He highlighted the mission of IUCEE is to prepare engineering graduates Who are thoughtful, well-rounded, multidisciplinary, holistic and creative with ethical values, intellectual curiosity and scientific temper with developed cognitive, collaborative and professional skills. Sir motivated students to actively participate in the technical events organised by IUCEE and created awareness among students about the benefits of their participations. Dr. Sreevani. Indireddy HOD, H&S and Convener of the program, advised the students to improve their technical skills to achieve best in their careers.

Students listening to speaker P. Rajendra Kumar

“Success is nothing more than a few simple disciplines, practiced every day”

Visit to Collage Premises

Visiting college campus is a great way to get more information about the college and help you to be comfortable in new environment. A campus tour helps you get a sense of what a college—and life at that college—is like. First year students were excited to look the innovative developments in college. Visit to Bio gas plant, Rain water harvesting pits, Solar panels installation has given them more excitement on College.

Students visiting solar panels in college

Awareness Program on Soft Skills

As a part of Induction program, An Awareness programme on Soft Skills was organized by the Department of Humanities & Sciences, KSRMCE, for I. B. Tech Students. The aim of the programme was to enlighten the students in all walks of their lives. The Resource person of the program was Dr. K. Ramesh Rao Assistant Professor of English, Department of H&S, KSRMCE. He gave lots of information on how one can strengthen himself/ herself by imbibing Soft Skills. The speaker stressed that Soft Skills are personal attributes that influence how well you can work or interact with others. These skills make it easier to form relationships with people, create trust and dependability and lead teams.

Dr. K. Ramesh Rao explaining the importance of Soft skills

“The Future belongs to those who learn more skills and combine them in creative Ways”

Seminar on Role of Watershed Management

As a part of Induction Program seminar on Role of water shed management has been organised to create awareness among the water management methods in students. Dr. T. Kiran Kumar, Professor, Dept. of Civil Engineering acted as resource person. The main objective of the program is to create awareness on how to manage and utilize the run off water for useful purpose. Sir explained the importance of watershed management and the process of creating and implementing plans, programs and projects to sustain and enhance watershed functions that affect the plants, animals and human communities within a watershed boundary. Sir explained the methods used to protect and enhance the water resource originating in the watershed. Sir created awareness on different approaches in watershed management. The program was concluded with vote of thanks by Sri. A. Anand Rao, Assistant Professor, Dept. of H&S.

Sports

As a part of the Induction Programme, the Department of H&S has conducted games for boys in Cricket, Volleyball and Kabbadi and Tug of War and for girls in Throwball, Kabbadi, Lemon and spoon and Tug of War to the newly joined students of I B.Tech form 14.09.2023 to 15.09.2023.

A total of Six teams have participated in all games, fixtures are drawn for all the games by the Physical Director Sri B.Vamsi Naik in the presence of Sports Committee members. In Cricket EEE & CSE have reached finals where in CSE has defeated EEE team on 15.09.2023. In the final Volleyball match between ECE and EEE, ECE won the match over EEE team on 14.09.2023. In the Kabbadi final match ECE has got victory over CSE team on 15.09.2023. In the Tug of war finals CSE team has won the finals with ECE team on 14.09.2023.

In the Women's Throw ball final match between G. Kundhana team and B. Anjali team, G. Kundhana and her team won the final over B. Anjali and her team. ECE and AI&ML have reached the finals in Tug of War. ECE women have defeated AI&ML team on 14.09.2023. In the Kabaddi women's final match ECE has defeated by CSE team on 14.09.2023. In the Lemon & Spoon competition Miss M. Induvadhana (ECE-B), Miss P. Preethi (CSE-C), and Miss M.V. Mahitha (CSE-B) have secured first, second and third places respectively. The women faculty of H&S has supervised the Women's games on 14 and 15th of September,2023.

The Physical Director Sri B.Vamsi Naik, Sri Y. Satheesh Kumar Reedy Assistant Professor of H&S, men faculty of H&S along with sports Committee members have successfully organized games events to all the newly joined first B. Tech students in connection with Induction Programme.

The program was ended with distribution of prizes to all the winners by our esteemed principal Dr. V. S. S. Murthy and all Head of the departments.

Principal & Students visiting Art Exhibition

Seniors Interaction & Cultural

The students of first year interact with KSRM Student club members and passed out students. The seniors give valuable information and suggestions regarding career goals and about life after B.Tech. First year students are actively involved in the interaction and ask their doubts. The seniors perform dance performances.

Seniors interaction with students

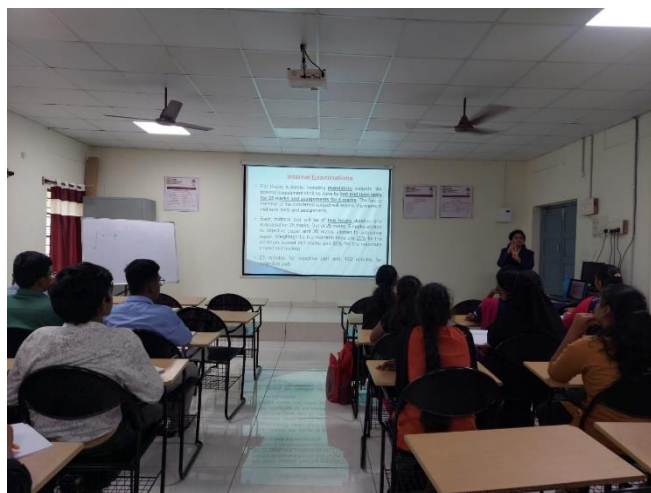

Culturals by students

Awareness on Academic Rules & Regulations, Course Structure

A well-crafted curriculum serves as a reference to ensure that students are on the right track. Its components are designed to develop concepts, from a basic level to increasingly complex topics or skills. Dr. I. Sreevani, HOD, H&S, started the session on Curriculum by welcoming all the students for their wonderful journey that is yet to begin in KSRM CE campus. She assured them that this journey will turn up into a glorious chapter in their lives. The four years curriculum was explained to them in detail. Highlighted the importance of each subject.

Dr. I. Sreevani explaining the Curriculum

As the curriculum is revised, HOD mam clearly explained the division of marks for Internal evaluation and external evaluation. Process of conducting exams and rules regarding academic attendance.

Awareness Program on Eradication of Ragging

Awareness Programme on Eradication of Ragging, was organized by Anti Sexual Harassment Cell in association with Women Empowerment Cell, Anti Ragging Cell & Dept. of H&S on 22nd September, 2023 in Auditorium at 10:00 A.M for B. Tech students as a part of Induction Program. The main intension of this program is to create Awareness about Eradication of Ragging. Sri. K. Eswara Reddy, Assistant Professor, KSRMCE was the Anchor for this Programme. Prof. I. Sreevani, HOD H&S, KSRMCE being the Convener of the programme, delivered her valuable Speech on the occasion. Followed by Prof. V.S.S Murthy, Principal, KSRMCE, addressed the impacts of Ragging and warned the students not to engage Ragging at any cost. Then the Eminent Chief Guest i.e Sri. J. Prabhakar, Panel Lawyer, Kadapa, has given a Lecture on the topic of Ragging. There he explained about every judiciary laws regarding ragging and also suggested the students to maintain discipline. The event was winded up after the felicitation to the Chief Guest, Sri. J. Prabhakar, Panel Lawer, Kadapa.

How to Shape your Career Early

The Career Development Cell and Humanities & Sciences Department jointly organized an awareness programme on “How to Shape Your Career Early” for I. B. Tech students on 11 th October,2023 in KOR auditorium. Dr. B. Dheeraj Kumar, I.P.S (ASP-Beed District, MH) embellished the programme as the chief guest. While addressing the students on this occasion, he expounded the students on how to Shape their Career Early. He insisted the students to inculcate commitment in their minds, dedication and well aware of UPSC & Civils; APPSC Exams. Further, Dr. Dheeraj Kumar advised the students not to give up their goals at any juncture, devotion of rendering hard work, toil and optimistic nature under any crisis. In his address, he outlined the importance of preparing timetable, self-learning and cognizance of current affairs besides understanding nature. One who possess these qualities, it is not difficulty to everyone to crack civil services and other competitive exams. He elucidated the procedure of the conducting the civil services exams in India, allocation of the marks and category wise of the priority.

Prof. V.S.S. Murthy, Principal, wished the students to utilize the facilities provided in the college for the aspirants. He briefed that the institute is always ahead in providing facilities. He asked the students to bring good name and fame to the institute by bagging good jobs. Prof. I. Sreevani, HOD, H&S emphasized the students to enhance the number of civil service aspirants in the college. She guided the students to prepare well for all the competitive exams at national level. Sri. K. Eswara Reddy, Coordinator, Career Development Cell, members, faculty and students were present and made the event a grand success. At the end, Smt. Mary Jasmine, Asst. Professor, conveyed vote of thanks.

CONCLUSION

Three Weeks Induction Programme has been successfully completed for I B. Tech students with the help of Management & Teaching & Non-Teaching faculty.. This Induction program helped the new students to adjust and feel comfortable in the new environment and to the culture of institution. This induction programme supported the students in building new bonds with other students and faculty members and exposed them to a sense of larger purpose and self-exploration.

The end...
