CIRCULAR

It has come to the attention of the undersigned that both staff and students are parking their motorbikes haphazardly within the college campus, disregarding the designated parking areas. Additionally, security personnel have been allowing unauthorized entry of vehicles into the campus, contrary to the college's strict prohibition on automobile access. This reflects a disregard for the instructions provided by college authorities.

In light of this, all staff and students are hereby instructed to park their motorbikes exclusively in the designated parking areas. Security staff are also directed to strictly enforce the prohibition of automobile entry into the campus without prior authorization from college authorities.

The Security Officer is instructed to ensure compliance with these directives by monitoring that staff and students park only in the allotted areas and by issuing clear instructions to security personnel to prevent unauthorized vehicles from entering the campus.
