An ISO 14001:2004 & 9001:2015 Certified Institution

## 3.6.1 - Extension activities carried out in the neighborhood sensitizing students to social issues for their holistic development, and the impact thereof during the year

In KSRM College of Engineering, NSS extension activities are a way for students to apply the knowledge and skills they have learned in the classroom to real-world situations and make a positive impact on their communities. These activities not only provide tangible benefits to the community but also give students valuable hands-on experience in problem-solving, and leadership. In addition to community development and disaster management, NSS extension activities in KSRM College of Engineering includes programs to promote health and wellness, environmental conservation, and community engagement. For example, NSS volunteers organize health camps, tree planting drives, blood donation camps and other activities to raise awareness about health and environmental issues. These activities not only serve to make a positive impact on the community but also help students develop a sense of social responsibility and civic engagement. KSRM College has a vibrant NSS Unit, Unath Bharth Abhiyan Cell and Nature Club which involves the students in organizing various community enhancement activities, such as Swachh Bharath, Eye camp, Beti Bhachavo Beti Padavo, Fit India Movement, Covid Vaccination, Road safety awareness, Eco – Friendly Ganesha, conservation biodiversity, arranging water for birds and animals etc to sensitize the students and community.
