About the Institute:

KandulaSrinivasa Reddy Memorial (K. S. College of Engineering was established in the year 1980, in the memory of late Sri. KandulaSrinivasa Reddy, son of late Sri. KandulaObul Reddy, former Member of Parliament. The institute is Autonomous and approved by AICTE, Accredited by NAAC, Bangalore, 9001:2015 Certified institution, Affiliated to Jawahar Technological University, Ananthapuram.

The mission and purpose in establishing the College of Engineering is to impart quality of education in Engineering and management technology at Graduation and Post Graduation levels aiming to attain the status of the best Engineering college and to fulfill the dreams of the founder chairman and the aspirations of students community in the region to become world class professional and technocrats.

The Institute offers B. Tech Courses in CEM, ECE, CSE, AI&ML. The institute also offers postgraduate courses namely M. Tech in power Systems, Geotechnical Engineering, AI&DS, CAD - CAM, and MBA. The institute has a spacious campus spread over 35 acres with accommodation for over 39000 sq.m. area and surrounded by plenty of greenery.

About the Department:

The department of Computer Science and Engineering has been established in the year 1999. The department offers a four year B.Tech degree in CSE with an intake of 180 and two year course of M.Tech degree in AI & DS with an intake of 18. The department has been recognized as Research Centre to offer Ph.D in CSE. The department has well qualified and competent faculty members. The department has well equipped computer laboratories with total 466 computers. These laboratories are equipped with latest configuration computers and software applications and system Software's required.

Vision:

To offer advanced subjects in a flexible curriculum which will evolve our graduates to be competent, responding successfully to career opportunities to meet the ongoing needs of the industry.

To progress as a centre of excellence adapting itself to the rapid developments in the field of computer science by performing a high-impact research and teaching environment.

Mission:

M1: To impart high quality professional training in postgraduate and undergraduate level with strong emphasis on basic principles of Computer Science and Engineering.

M2: To provide our students state-of-the-art academic environment and make unceasing attempts to instill the values that will prepare them for continuous learning.

M3: To empower the youth in surrounding rural area with basics of computer education making them self-sufficient individuals.

M4: To create teaching-learning environment that emphasizes depth, originality and critical thinking fostering leading-edge research in the ever-changing field of computer science.

About :

The Proposed Two Week Faculty Development Program in Association with APSSDC aim at improving awareness and training on "Android App Development Using KOTLIN" helps in updating the academic and research knowledge of the participants from Engineering colleges and Research Organizations.

Topics Covered:

1. Introduction to Kotlin

- a. Basics of Kotlin
- b. Functions
- c. Classes & Objects

2. Introduction to Mobile App Development

- a. History of Mobile evolution
- b. Version History of Android
- c. Android Architecture

3. Installing the Development Environment

- a. Installation of Android Studio
- b. Installation of Android emulator
- c. Connecting the physical device with the IDE

4. Introduction to Android Studio

- a. Build your first Android App

5. Creating a User Intractable App

- a. Count App
- b. Dice App- without images, with images

6. Intents

- a. Explicit Intents
- b. Implicit Intents

7. Input controls, Menus & pickers

8. Using Material Design for UI

9. App Navigation, Lifecycle

App Navigation

- a. Navigation Drawer
- b. Navigation Components
 - i. Navigation Graph
 - ii. Navigation Host
 - iii. Navigation Controller
- c. Ancestral and Back Navigation
- d. Lateral Navigation

10. Tab Navigation, Recycler View

11. Shared Preferences, Room Persistence
