One Week Online Faculty Development Program On Research Methodology

17th - 21th January, 2022

Coordinator
Dr.D. Babu, Ph.D.

Organized
By
Centre for Research and Innovation
K.S.R.M College of Engineering
Kadapa, Andhra Pradesh

About the Institute

The college owes its existence to the keen interest of Late Kandula Obul Reddy to develop technical education in Rayalaseema region of Andhra Pradesh. With a view to translating his noble ideal of imparting technical education into reality, a Technical Training Institute at Vempalli, Kadapa District was started in 1979 under the aegis of Sri Kandula Obul Reddy charities. K.S.R.M. College of Engineering was established in the year of 1980 for the memory of Late Sri. Srinivasa Reddy. The college campus is located 7 K.M. away from Kadapa town on Kadapa to Puhivendula Highway in a calm and salubrious area of 35 acres. The college is set in a serene environment with lush greenery and fresh air. The college had its modest beginnings with core branches of Civil, Electrical & Electronics, Electronics & Communications and Mechanical Engineering. Keeping in view the latest trends, priorities and relevance in Engineering and Technology, the Board of Management decided to start Computer Science and Engineering in 1990.

Centre for Research and Innovation:

Center for Research and Innovation (CRI) is established in the year 2016 to carry Research and Innovation activities in KSRM College of Engineering. It acts as a catalyst in imbibing cutting edge research ideas and methods among the faculty and students in the institution. The objective of CRI is to promote research activities such as research projects, consultancy and training in advanced technologies.

In addition, the CRI conducts Faculty development programs, research seminars and workshops etc. CRI has been conducting various skill development programs in association with CRI Members, APSSDC, DASSAULT Systems, Red Hat academy and National Instruments LABVIEW academy.

Objective of this Program

- To provide an overview of research methodology
- To unravel the various research designs and multivariate methods of research
- To render deep exposure to multiple tools and techniques of managerial decision making and data analytics

Who Can Attend?

- Graduate students, Postgraduates and scholars carrying out research in the field of Engineering and Management
- Industrialists who have a flair for research
- Faculty members from Technical Institutes, and Arts and Science Colleges.

About FDP

The dynamic realm of academic research requires ceaseless chiseling of research methodology. This FDP is conceptualized and designed to enrich the research prowess with novel research strategies in Engineering and Management. This programme endeavors to provide conceptual clarity to research methods and basic statistics. A few key areas this FDP focuses on are research design, structure and implementation, decision making tools, qualitative and exploratory research methods.

Selection Criteria & Certificate Issuance

Selection will be done on a first-come-first-serve basis. E-certificates will be issued to the participants who attend all the sessions.

Registration Fee:

Faculty/ Research Scholars and PG Students
-Rs.300/-
