## **About the Institute:**

The college owes its existence to the keen interest of Late Kandula Obul Reddy to develop technical education in Rayalaseema region of Andhra Pradesh. With a view to translating his noble idea of imparting technical education into reality under the aegis of Sri Kandula Obul Reddy charities in the year 1980 that K.S.R.M. College of Engineering (KSRMCE) was established. KSRMCE is an autonomous college, and its campus is located 7 K.M. away from Kadapa town on Kadapa to Pulivendula Highway in a calm and salubrious area of 35 acres. The college has an intake of 720 students with branches "Civil Engineering, Electrical & Electronics Engineering, Electronics & Communications Engineering, Mechanical Engineering, Computer Science and Engineering and Artificial Intelligence and Machine Learning.

**About the Department:** With the fast-changing arena and advent of technology, the ubiquitous use of computers compels people to become computer literates. Realizing this fact and raising to the occasion, the college went for this branch of Computer Science and Engineering commemorating the decennial year of its inception. The department soon won laurels with the dedication and devotion of the faculty who are well qualified and experienced. The Department now becomes the center of excellence with competent faculty, state-of-art laboratory equipment, adequate infrastructure for conducting graduate, post graduate courses and research programs, which will be used to mold the students into leaders in their profession.

**Vision:** To offer advanced subjects in a flexible curriculum which will evolve our graduates to be competent, responding successfully to career opportunities to meet the ongoing needs of the industry. To progress as a center of excellence adapting itself to the rapid developments in the field of computer science by performing a high-impact research and teaching environment.

### **Mission:**

M1: To impart high quality professional training in postgraduate and undergraduate level with strong emphasis on basic principles of Computer Science and Engineering.

M2: To provide our students state-of-the-art academic environment and make unceasing attempts to instill the values that will prepare them for continuous learning.

M3: To empower the youth in surrounding rural area with basics of computer education making them self-sufficient individuals.

M4: To create teaching-learning environment that emphasizes depth, originality and critical thinking fostering leading-edge research in the ever-changing field of computer science.
