Activity Description:

The event started with a lot of zeal and enthusiasm. The students were geared up and were looking forward to the event that would educate, brighten and enlighten the young brilliant minds. A spelling bee is a competition in which contestants are asked to spell a broad selection of words, usually with a varying degree of difficulty. Spelling bees help to promote literacy by providing students with a positive goal to work toward, and give them a forum to display the fruits of their hard work. The students actively participated and enjoyed the event.
