Permission- Reg.,

\*\*\*\*\*

You will appreciate that visits to places of technical importance should from part of training of engineering students. This will help the students to acquire practical knowledge besides theoretical knowledge imparted in classroom.

A Batch of B. Tech., V Semester EEE students (60 No's) accompanied by two faculty would like to visit your organization on third week of October 2021. I shall be grateful if you would kindly give them the necessary permission for their visit and also arrange for taking them around various sections in the plant. A line in reply at the earliest will help us to plan our programme in advance.

Thanking you sir,

Yours faithfully,

## Department of Electrical & Electronics Engineering Activity Report

Name of the Activity : Industrial Visit  
Industrial Visit Place : Nagarjuna Sagar Tail Pond, Macharala, Guntur Dist.  
Date(s) of the Visit : 29.10.2021 to 30.10.2021  
Scheduled Time : 10.00 am to 5:00 pm on 29.10.2021  
Faculty Coordinator(s) : Mr. G. Hussian Basha & Ms. A. Jyothirmayi, Asst. Prof.,  
Target Students : V Semester Students  
No. of Students Attended : 55 students

### Activity Description:

Department of Electrical & Electronics Engineering organized an industrial visit believing that it will provide an exposure to students about practical working environment. During this visit students visited Nagarjuna Sagar Tail pond which is in Macharala, Guntur Dist, it is constructed downstream of Nagarjuna Sagar Dam. We reached there by 9.30 AM and completed formalities with the security to visit the plant under the guidance of Sri M. Venkata Ramana Reddy, Assistant Engineer. It was a pleasure that we got to know the actual working of the plant & also details of the plant that it has two different units and both these two units are commissioned in the year 2017. These two units have an installed capacity of 25 MWs each. The hydroelectric project uses 2 penstocks and the length and diameter of the penstock are 54.3 m and 6.60 meters respectively. The turbine capacity of the project is 25 MWs each. Andhra Pradesh and Telangana are the beneficiary states of the project. The length and height of the dam are 592 m and 29 m respectively. Students felt beneficial that they have got a chance to know about the practical working of the plant.
