6.1.2 Additional information

All Stakeholders of the institution have participative roles in various decision-making committees.

The **below table** shows the involvement of management and all the stakeholders including Head of the Departments, Faculty, Students, Alumni, employers, industry experts, educationalist, scientist, community representatives in various functional committees of the institution. This shows that the institution has decentralization of administration through committees and has participative management. A democratic approach is setup in the decision-making process, by which all the stakeholders of the institution could participate in the managerial decisions.
