Description : The Chief guest Smt Shaik. Parveen Naaz, Legal Counsellor in Domestic Violence Act, ICDS kadapa, provided the awareness about violence, ACTS and their importance. She said nearly 1 in 3 women have been abused in their lifetime. In times of crises, the numbers rise, as seen during the COVID-19 pandemic and recent humanitarian crises, conflicts and climate disasters. A new report from UN Women, based on data from 13 countries since the pandemic, shows that 2 in 3 women reported that they or a woman they know experienced some form of violence and are more likely to face food insecurity. Only 1 in 10 women said that victims would go to the police for help.

While pervasive, gender-based violence is not inevitable. It can and must be prevented. Stopping this violence starts with believing survivors, adopting comprehensive and inclusive approaches that tackle the root causes, transform harmful social norms, and empower women and girls.
