ACTIVITY REPORT

“World Earth Day Celebrations – “Invest in our Planet”

On 22. 04. 2022

Target Group	:	Students & Faculty
Details of Participants	:	06 Faculty and 55 Students
Coordinator	:	Sri. K. Radha Krishna
Organizing Department	:	Nature Club
Venue	:	Civil Seminar Hall

The significance of Earth Day 2022

Earth Day 2022: Earth Day Organization has made the official announcement. The theme for Earth Day 2022 is “Invest in our Planet.” The key point here is to act in a bold way, innovate in a broad way, and implement in an equitable manner. Every government, every business, and every individual in this world has a voice. There is not going to be one person who can do it all. But now is the time. Together, we can make a difference. We need to act as a team altogether. Sustainability is the answer to sustainable prosperity. Smart and Innovative companies are realizing that going green will help us all. It is now vital that all business leaders must become engaged in shaping the future for sustainability. It’s time to take the benefit of a green economy by adopting it. All governments need to encourage society, institutions, and businesses to build a framework for supporting a stable future.

The importance of Earth Day

Every year on April 22, we celebrate our mother earth with 'World Earth Day, which marks the anniversary of the Modern Environmental Movement, which started in 1970. World Earth Day is a reminder for mankind to protect and safeguard the mother earth and its species, to make Earth a better place for the coming generations. April 22, 2022, will mark 52 years of Earth Day. Today, Earth Day is widely recognized as the largest secular observance in the world, marked by more than a billion people every year as a day of action to change human behavior and provoke policy changes.

Now, the fight for a clean environment continues with increasing urgency, as the ravages of climate change become more and more apparent every day. As the awareness of our climate crisis grows, so does civil society mobilization, which is reaching a fever pitch across the globe today.

Theme 2022

The theme of World Earth Day 2022 is 'Invest In our Planet' calling for businesses to shift towards sustainable practices. This movement is expected to change the business climate, the political climate, and how to take the action on the climate.

Description:

The Nature Club of KSRMCE has organized World Earth Day Celebrations on 22nd April – 2022 at 4.00 PM in Civil Seminar Hall. The aim of World Earth Day is to create awareness of the need to protect and conserve natural resources for future generations. The Speaker of this event is Dr. K. Venkata Ramana Asst. Professor in KSRMCE explained that a clean environment is essential for the existence of all living beings. For that people should promote some Laws to reduce environmental pollution by saving water, electricity, using reusable bags, recycling of material, growing more tree and plants. He also added that the Government should make policies to minimize the activities that effect environment and electronic media is one of the excellent sources for creating awareness of the environment among the rural masses. The HOD of H&S Dr. I. Sreevani, the Principal Dr V.S.S Murthy and other staff and students attended the event. The Coordinator Sri. K. Radha Krishna thanked all the participants and the programme was concluded with vote of thanks conveyed by Sri K. Radha Krishna.
