# ACTIVITY REPORT

<b>Name of activity</b>	<b>NSS KSRMCE Special camp Day 6 Plantation</b>		
<b>Organizers</b>	KSRMCE-NSS unit		
<b>Venue</b>	Kopparthy	<b>No. of participants:</b>	<b>Faculty</b>
			<b>Students</b>
<b>Date</b>	13.05.2023	<b>Time:</b>	9 am to 5.00 pm
<b>Brief report on activity</b>	<p>The Plantation was organized today on the 6th day of our ongoing "Special camp" held in a school in Asha Nilayamu nearby Kopparthy, our adopted village in the vicinity of our college. Plantation successfully completed the event of Tree Plantation under the National Service Scheme at Asha Nilayamu, Kopparthy. Trees are the foremost source for producing the oxygen in environment, they helps to reduce the level of CO<sub>2</sub>. As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees is become one of the most important aspects today. The NSS volunteers of KSRM took part actively and later on the sweets were distributed. The Headmistress of school and the villagers lauded the initiative taken by the NSS unit of KSRMCE, Kadapa.</p>

<b>Brief report on activity</b>	<p>In collaboration with the Kadapa Municipal Corporation, the KSRM NSS Unit joined hands with the NSS unit of KSRMCE, Kadapa, to partake in the "Clean Kadapa" initiative. This endeavor, driven by the Municipal Commissioner of Kadapa, aimed to enhance the cleanliness of public spaces and raise awareness about the reduction of plastic usage. Approximately 50 dedicated NSS volunteers actively engaged in the effort, focusing their efforts on "Palakondalu," a frequented area. The volunteers displayed commendable commitment as they cleared accumulated waste and gathered used disposable plastic items. Their diligence earned recognition from both the Municipal Commissioner of Kadapa and Dr. K. Chandra Obul Reddy sir, the Managing Director of the Kandula Group.</p>

## ACTIVITY REPORT

*“Awareness programme on Beat Plastic Pollution”*

02<sup>nd</sup> July, 2022

**Target Group** : Residents of Siva Sandhya Nagar, Krishnapuram, Kadapa

**Coordinator(s)** : Dr. K. Venkata Ramana, Asst. Professor, H & S Dept.

**Organizing Department** : Dept. of Humanities and Sciences

**Venue** : Siva Sandhya Nagar, Krishnapuram, Kadapa

**Description** :

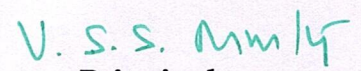

The H&S department of KSRM College of Engineering (Autonomous), Kadapa organized an awareness programme on the theme "Beat Plastic Pollution" at Krishnapuram, Kadapa on 02-07-2022. The coordinator for the programme was Dr. K. Venkata Ramana. The main aim of the event is to create awareness among public about the effects of plastic pollution and conserve the environment. Drainage systems become clogged with plastic bags, films, and other items, causing flooding. Most solutions to the problem of plastic pollution, therefore, focus on preventing improper disposal or even on limiting the use of certain plastic items. bans on foamed food containers and plastic shopping bags. Jute bags do not contribute to the pollution which is happening due to excessive use of plastic. By creating public awareness on plastic pollution, we can save the lives of human beings on the Earth and conserve the environment for future generations.

He also explained Cloth bags are reusable and durable, and they can be used for a variety of purposes, such as grocery shopping, carrying books, and transporting other items.

Participated Students and Residents in the Public Awareness Programme on Beat Plastic Pollution on 02.07.2022

## ACTIVITY REPORT

*“Awareness programme on Think Before You Bag”*

12<sup>th</sup> August, 2021

**Target Group** : Residents of NGO Colony, Kadapa  
**Coordinator(s)** : Dr. B. Prasanthi, Asst. Professor, H & S Dept.  
**Organizing Department** : Dept. of Humanities and Sciences  
**Venue** : NGO Colony, Kadapa

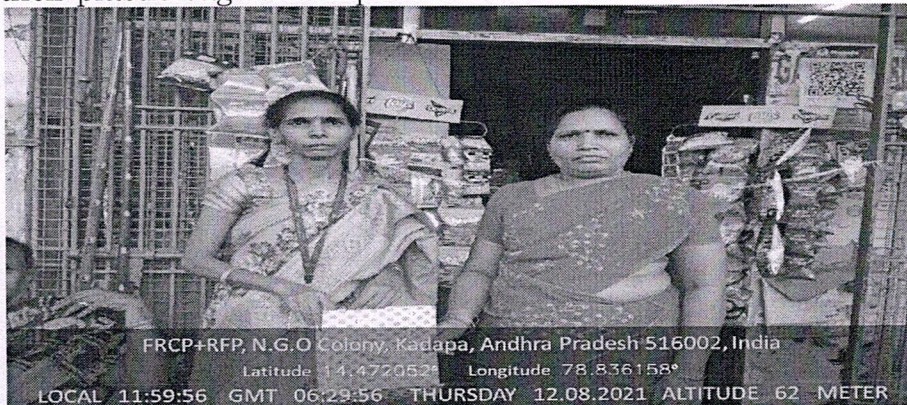

### **Description**

The H&S department of KSRM College of Engineering (Autonomous), Kadapa organized an awareness programme on the theme "Think Before You Bag" at NGO Colony, Kadapa on 12-08-2021. The coordinator for the programme was B. Prashanthi.

The programme was attended including students, faculty, staff, and residents of NGO Colony. She spoke about the science behind plastic pollution and the various ways in which it can be reduced. He also emphasized the importance of individual responsibility in reducing plastic bag use.

A plastic bag will last for over five generations. Such kind of pollution can have devastating effects on the environment, as many environmental experts have pointed out many times in the recent past. By creating awareness in public on pollution created by using plastic bags and their effects on living organisms and environment we can mobilize the public to stop using plastic bags and promote environmentally friendly cloth and jute bags.

The programme was a success in raising awareness about the harmful effects of plastic pollution and the importance of reducing plastic bag use. It is hoped that the programme will inspire people to make changes in their daily lives to reduce their plastic bag consumption.

Participated Residents in the Public awareness programme on Think Before You Bag on 12.08.2021

## ACTIVITY REPORT

*"Together, We Can Make a Difference"*

03<sup>rd</sup> July, 2020

**Target Group** : Residents of Kopparthi, Kadapa  
**Coordinator(s)** : Dr. K. Venkata Ramana, Asst. Professor, H & S Dept.  
**Organizing Department** : Dept. of Humanities and Sciences  
**Venue** : Kopparthi, Kadapa  
**Description** :

The Department of H & S, KSRMCE (Autonomous), Kadapa, organized an international plastic free bag Day on 3<sup>rd</sup> July, 2020 at 09:00 am, Kopparthi, Kadapa. The aim of international plastic free bag Day is to create awareness among students on the importance to increase public awareness of the damaging effects that single-use plastic bags have on the environment. The event coordinator of the programme was Dr. K. Venkata Ramana, Asst. Professor, K.S.R.M.C.E, (Autonomous). The peoples create awareness on plastic usage of bags and celebrated on July 3. In 2015, the European union passed directive to reduce the consumption of single use plastics. She insisted the importance of plastic usages to students and advised the students to reduce the plastic usage and better to get the pollution free environment. The plastic bags have lifespan of only about 12 minutes, yet they can take up to 1000 year to decompose completely. Instead, they break into smaller toxic particles that continue to harm our environment. The world counts estimate that we use 5 trillion plastic bags annually. Start by sharing information about the impact of plastic bags with friends, family and colleagues. Organize talks and discussions in college and workplace to educate to all. One of the most effective actions you can take is to encourage people around you to switch to reusable bags. By optioning, significantly reduce the demand for plastic bags and help safeguard our planet.

## ACTIVITY REPORT

Name of Activity:	<b>WASTE MANAGEMENT</b>				
Organizers:	KSRMCE/NSS Cell				
Venue:	KSRMCE Campus Area	No. of Participants	Faculty	Student	others
			5	162	10
Date:	11-09-2019	Time:	2 pm. To 4 pm.		
Short Information of the reason to celebrate the event.	<p>Inadequate awareness and implementation of proper waste management can result in significant problems such as air, water, and soil pollution. Nonetheless, small adjustments in our daily routines can yield substantial positive impacts. To achieve this, a collective effort is required to effectively reduce waste through accurate segregation and classification. This can be accomplished using a color-coded bin system encompassing categories like yellow, blue, red, and black, signifying various materials such as plastic, wood, paper, metal, chemicals, kitchen waste, solid waste, and liquid waste.</p> <p>The principle of reuse is vital – everyday items should be reused whenever possible. For instance, adopting a carry kit when going shopping can significantly contribute to this endeavor. Additionally, recycling should be maximized to ensure items are repurposed instead of being discarded.</p> <p>The conclusion stresses the importance of public awareness regarding waste management issues. This awareness is key to understanding the potential repercussions of mishandling waste and its potential to endanger both lives and overall well-being.</p>				
Brief report on activity:	<p>With the endorsement of the Management and Principal, the waste management program was sanctioned to take place within the KSRMCE Campus vicinity. The NSS Coordinators orchestrated and supervised students in the comprehensive task of maintaining the cleanliness of the entire college campus. Both female and male students willingly participated, taking on responsibilities like removing undesirable weeds, papers, plastic covers, wooden fragments, and decaying leaves.</p>

## ACTIVITY REPORT

Name of Activity:	VANAM MANAM				
Organizers:	KSRMCE/NSS Cell				
Venue:	KSRMCE Auditorium and Campus, also Outside.	No. of Participants	Faculty	Student	Others
			5	160	16
Date:	29-07-2019	Time:	2 pm to 4 pm		
Brief report on activity:	The Andhra Pradesh government has started a project called Vanam Manam. This program's goal was to expand the state's green cover by at least 50%, which is a positive step forward in the state's growth as well as increasing greenery, which will help to decrease pollution and address other natural resource issues in cities. The Vanam Manam program's vision and mission were to improve forest cover development not just via government action but also by including individuals in the program so that progress could be made more quickly. They also encouraged people to plant seedlings in open spaces and educated them on the significance of green cover, prompting them to do so.				
Name of Activity:	The importance of Vanam Manam event is nothing but plantation. The plantation was done by the students under the guidance of KSRMCE faculties. NSS Coordinators assisted in the program with students. The principal admitted his views and thoughts on Vanam Manam to explain in the speech towards the attendees. The students have done the plantation event in the campus. The plantation has been completed deliberately. The speech ran for 10 minutes with related topics. Attendance taken from participants. The attendance sheet is enclosed with this report for the view. The pupil was amazed and celebrated very happily till the end of the task. The faculties tackled the students very well smoothly.

## ACTIVITY REPORT

*"Say No to Plastic"*

03<sup>rd</sup> July, 2019

**Target Group** : Residents of Krishnapuram  
**Coordinator(s)** : Sri. T. Naresh, Asst. Professor, EEE Dept.  
**Organizing Department** : Dept. of Humanities and Sciences  
**Venue** : Krishnapuram  
**Description** :

The Department of EEE, KSRMCE (Autonomous), Kadapa, organized an international plastic bag free Day on 3<sup>rd</sup> July, 2019 at 10:00 am, Krishnapuram, Kadapa. The aim of international plastic bag free Day is to create awareness among students on the importance to increase public awareness of the utility of plastic usage and demerits on the environment. The event coordinator of the programme was T. Naresh, Assistant professor, Department of EEE, KSRMCE (Autonomous). International Plastic Bag Free Day is observed on July 3<sup>rd</sup> every year to spread awareness about the grave effects of plastic on the environment. The day aims to promote the alternates to the plastic bag which is among major pollution causing agent. It talks about environmental-friendly alternatives to single-use plastic bags. She insisted the importance of plastic usage and demerits on environment to students, everyone should have pledged to stop the use of single use plastics. More than eight million tons of plastic is dumped into our oceans every year. Most of the waste includes filters from cigarette butts, bottles, bottle caps, food wrappers, grocery bags, and polystyrene etc. This month also marks Plastic Free July was in more and more people globally promise to live without single-use plastic. From corporates, governments, to private organizations, the month aims to highlight the issue and urging them to come up with alternates. You should take action to encourage people, friends and family about usage of plastic.

## ACTIVITY REPORT

Name of Activity:	<b>PLANTATION</b>				
Organizers:	KSRMCE/NSS				
Venue:	KSRMCE Campus.	No. of Participants	Faculty	Student	Others
			6	156	15
Date:	01-07-2019	Time:	2 pm to 4 pm		
Short Information of the reason to celebrate the event.	<p><b>PLANTATION DAY:</b></p> <p>The National Festival of Trees Planting (Van Mahotsav) in India is held annually from July 1 to July 7. As a part of Van Mahotsav celebrations throughout the country.</p> <p>Speaking on the occasion, that observance of this festival has an educational purpose. As people learn to appreciate the great benefits that trees provide us - clean air, wildlife habitat, reducing energy demand and connecting with nature. Further to that the 'Van Mahotsav' festival of trees is a beautiful initiative to save the environment, to which we owe a lot. The motivation and gathering that every Indian should plant at least one tree during the festival.</p>				
Brief report on activity:	<p>United in purpose, the NSS Coordinators, faculties, students, and principal willingly convened to commence a program within the college campus. The students wholeheartedly undertook the task of excavating over 50 holes for the purpose of planting various types of trees. The faculties assumed a supervisory role, providing guidance to the students. Concurrently, the NSS Coordinators assisted teams in planting across different areas of the college grounds. Necessary tools were distributed for the task, accompanied by advice regarding personal safety during the work.</p>

## ACTIVITY REPORT

*“Public Awareness of the Damaging Effects that Single-Use Plastic Bags Have on the Environment”*

03<sup>rd</sup> July, 2018

**Target Group** : Residents of Maruthi Nagar, Kadapa  
**Coordinator(s)** : M. Mary Jasmine, Asst. Professor, H & S Dept.  
**Organizing Department** : Dept. of Humanities and Sciences  
**Venue** : Maruthi Nagar, Kadapa  
**Description** :

The Department of H & S, KSRMCE (Autonomous), Kadapa, organized an international plastic free bag Day on 3<sup>rd</sup> July, 2018 at 09:00 am, Maruthi Nagar, Kadapa. The aim of international plastic free bag Day is to create awareness among students on the importance to increase public awareness of the damaging effects that single-use plastic bags have on the environment. The event coordinator of the programme was M. Mary Jasmine, Asst. Professor, K.S.R.M.C.E, (Autonomous). The peoples create awareness on plastic usage of bags and celebrated on July 3. In 2015, the European union passed directive to reduce the consumption of single use plastics. She insisted the importance of plastic usages to students and advised the students to reduce the plastic usage and better to get the pollution free environment. The plastic bags have lifespan of only about 12 minutes, yet they can take up to 1000 year to decompose completely. Instead, they break into smaller toxic particles that continue to harm our environment. The world counts estimate that we use 5 trillion plastic bags annually. Start by sharing information about the impact of plastic bags with friends, family and colleagues. Organize talks and discussions in college and workplace to educate to all. One of the most effective actions you can take is to encourage people around you to switch to reusable bags. By optioning, significantly reduce the demand for plastic bags and help safeguard our planet.

Participated Residents in the Public awareness programme of Damaging Effects that Single-Use Plastic Bags Have on the Environment on 03.07.2018
