NAAC DVV Clarifications

SUMMARY SHEET

Criterion – 2	Teaching-Learning and Evaluation																																																																																																																																																																			
Metric No:	2.1.1 Enrolment Percentage																																																																																																																																																																			
DVV Query	The program asserted and corresponding sanctioned seats for each programme do not match with the AICTE sanctioned letters. HEI has to provide the letters from affiliating university indicating the sanctioned seats for each program, AY-wise. Also, final admission list endorsed by the competent authority is also required. As per AICTE letter the sanctioned seats have been altered.																																																																																																																																																																			
HEI's Response	Sanctioned seats to the HEI by AICTE vs Affiliating university (JNTUA) throughout the assessment period

thereby reducing the intake of B.Tech. Civil Engineering (from 180 seats to 120 seats).

Though AICTE-sanctioned seats to the HEI are 810 (720-B.Tech. and 90-M.Tech.), the affiliating university (Jawaharlal Nehru Technological University Anantapuramu, Anantapur (JNTUA) provisioned reduced M.Tech intake against the sanctioned AICTE approved intake during the assessment period except for the academic year 2022-23. However, there has been no alteration in the approved AICTE intake and JNTUA-sanctioned intake regarding the B.Tech program.

Academic year-wise AICTE EoA, along with the JNTUA proceedings for granting the affiliation indicating the sanction of seats, has been attached for the assessment period in response to the DVV query.

HEI is also attaching the ratified final admission list of students from the JNTUA as per the DVV query.
