Academic Year 2013-14

COUNSELING REPORT

Counseling for II B.Tech I Semester, Civil Engineering (B/Sec) students is done on different dates during October 2013 to December 2013. 50 of total 60 students are attended for counseling. Most of the students are failed in 1st year subjects. I identified that some students are coming from Telugu Medium and also some students have less attendance in First year. As a class teacher I conducted a parents meeting and informed the status of the students and also informed through telephone. Majority of the students came from low income group and that to from farmers families. Because of their rural background and coming from farmer families most of the students feel shy to speak in English. But students are very eager to improve their communication skills if suitable environment and proper encouragement is given. Every day in the I instructed the students go to library regularly and attend the classes regularly. And also most of the students disclosed their desire to have cultural and other events to be organized every year in the institution.

They arrange guest lectures by Eminent resource persons to help the students to clarify their values, skills and interests and identify internships and job opportunities. Career counselling is given to the students to know and understand themselves and the opportunities in order to make career, educational and personal decisions.

Remedial Coaching:

Remedial coaching is given to the students who have temporarily fallen behind in their studies or otherwise need short-term support in their learning. They are identified on the basis of their performance in the classroom. Remedial coaching is given during 4pm to 5pm from Monday to Friday and Saturday 1pm to 4 pm. It is organized in mutual understanding with the student and the respective teacher and is given at all levels of support.

English Language Lab:

The English Language Laboratory has been established in the campus. The main purpose of the Lab is to develop LSRW skills through interactive learning. It promotes a better acquisition of the communicative skills of the students.

Bridge Courses:
