## **DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING**

**ECHO EVENT**

**On**

**“SHORT FILM CONTEST”**

**27<sup>th</sup> JUNE, 2021**

**REPORT**

**Electronic and communications engineering** is the utilization of science and math applied to practical problems in the field of communications. Can we imagine our daily life without mobile phone, laptop (computer), television, tablets, digital watch, internet banking, ATM cards, Wi-Fi, internet connection, microwave Oven and many more gadgets and communication systems. No, we cannot. All these are possible due to Electronics & Communication Engineering (ECE). As we look into future, robots will also be part of our lives very soon and embedded electronics which is a sub branch of electronics play an important role in this. All of this makes ECE an interesting field to study and work.

Electronics & Communication Engineering deals with the electronic devices, circuits, communication equipment's like transmitter, receiver, integrated circuits (IC). It also deals with basic electronics, analog and digital transmission & reception of data, voice and video (Example AM, FM, DTH), microprocessors, satellite communication, microwave engineering, antennae and wave progression.

**ECHO (Electronics and Communication Heuristic Organization)** has been started 30 years before in KSRMCE, aiming to motivate the students towards the technology and trends that are currently existing. It provides the awareness in the students about the advancements in the ECE field and to improve the communication skills and presentation skills. ECE is one of the

largest and fastest growing fields of engineering. **The present Global Technology revolution** is changing the world and is offering challenging opportunities to specifically Engineers.

ECHO conducted the event “SHORT FILM CONTEST” on 27-6-2021 at 10 AM in virtual mode. The event planned to conduct using Google classroom. 38 students from B. Tech ECE IV, VI and VIII semesters attended the event and 10 students actively participated. Several short films were featured and three best presented videos are nominated as winners.

#### **Welcome speech:**

Dr. Syed Zahiruddin, Assistant Professor in ECE department and Sri. K. Pavan Kumar, Assistant Professor in ECE department are the ECHO staff coordinators expressed a warm welcome to the HOD, Prof. G. Hemalatha, all the faculty, students and the participants. ECHO and its importance are highlighted by the coordinator. Miss S. Jabeen, Assistant Professor in ECE department and Sri M. Prabhakar, Assistant Professor in ECE department are the judges for this event. M. Harihara Nandan acted as student coordinator for the event.

#### **HOD’s speech:**

Prof. G. Hemalatha, Head of the department, Electronics and Communication Engineering, addressed the gathering and welcomed all the participants. She shared the experience of conducting the ECHO events from the past 30 years. She is also the Alumni of the institute and suggested to coordinate these events the students should come forward and organize the different events which can improve their communication and presentation skills. These skills will be very much helpful for getting jobs.
