

NATIONAL MATHEMATICS DAY 2K20

22nd DECEMBER, 2020

Importance of the Day:

National Mathematics Day is celebrated on the 22nd of December to commemorate the 133rd birth anniversary of Srinivasa Ramanujan and to honour his contribution in the field of Mathematics. The main objective of the day is to raise awareness regarding the importance of Mathematics in the development of the economy and welfare of the society. The National Mathematics Day which was started by former Prime Minister and economist Dr. Manmohan Singh on December 22, 2012 has gained significance among present-time mathematicians, students, teachers and maths enthusiasts.

Celebrations:

Date:- 22-12-2020 Time:- 11:13 am

Director, Principal and Head of the Departments urged the students to take inspiration of Ramanujan how to success in life and motivated the students to reach the high altitudes in their life. All the speakers inspired the students by sharing with them such stories of talented individuals. Inspirational videos were presented by the faculty. Motivated by these, students also gave inspiring words about the importance of Mathematics. The faculty of Mathematics motivated the students to participate in the Quiz Competition in Online mode. Around 357 participated in the competition. The students and faculty from our college and other colleges also participated in online Quiz. We had issued online certificates for all the participants.
